New Beginnings

It seemed appropriate to launch a newsletter with the recent launch of our new beginning. Paula Shaughnessy's Only Believe was founded in 2015, but until now, it has always taken a backseat to other things. On June 25, 2021 there was a prophetic word spoken over me regarding a new beginning. Two days after this word, I slipped on the stairs going to the basement and broke my leg. As I sat at the bottom of the stairs in agony, I cried out, "this is not my new beginning!" The next day I repented for speaking those words. Who was I to determine how God wanted to bring about my new beginning? While recovering from the leg break, I had a dream that led to writing a prayer book. In addition, I took advantage of the downtime and took an online class. January 2022, I changed some priorities, fanned the flame on my dreams, released the prayer book I received in the dream, and decided it was time to get serious about empowering myself and others to Only Believe they can experience more in every area of life.

Burning the Bridge

It's been said, "Be careful not to burn your bridges." In general I live by this belief. However, this mindset kept me stuck in a place where life was good enough to prevent me from pursuing the greatness that God has pre-ordained for my life. The priority changes I made in January 2022 created a momentum of *great things*, making it obvious that it was time to let go of the good thing. The good thing I am referring to is a part-time job in corporate America. I really enjoyed my position, my coworkers, and the owners. I was paid well and it was a really good job. On December 13th, 2022 I burned the bridge to this good thing, so I can focus on pursuing the great things that God has called me to do. Symbolically, burning the bridge means no looking back, no going back. I am officially a full-time CEO of Paula Shaughnessy's Only Believe, a marketplace ministry where I empower others to only believe they can experience more in every area of life. Answering the Call

I remember it like it was yesterday. Snuggled in bed on a chilly morning in 2009, I found myself coming out of a vision asking myself this question, “What am I imagining that for?” In the vision, I saw a man on a stage speaking to a large group of people. I was back stage watching from behind the curtain. Suddenly, this man turned to me and said, “Paula, would you like to share a word with us?” I responded with a resounding, “Yes, let me find my notes.” I just happened to have a three-drawer filing cabinet back stage with my notes in it. I started flipping through the files looking for my notes. At one point I peeked around the curtain and said, “One moment, I’ll be right there.” I then went back to flipping through the files. Eventually, I came out on stage and announced, “I guess you will have to hear directly from the Holy Spirit because I can’t find *my* notes.” A couple

weeks later our pastor decided to prophesy to the congregation instead of delivering a message like he had in the past. Suddenly, without saying my name he said, “And you will speak to large groups of people. And it will be by My Spirit. And, it’s not your imagination!”

Realizing I couldn’t hide from God, a choice to say, “Yes” seemed obvious. God has been preparing me for many years to be a voice to bring forth revelatory teaching by the Spirit of God complete with practical application and a demonstration of the power of the Holy Spirit.

If you are waiting for the fulfillment of a dream or prophetic word, embrace the journey and allow the Lover of your soul to perform His workmanship. After all, you are His masterpiece and His timing is always perfect.

“You will speak to large groups of people by My Spirit and it’s not your imagination”

Humble Beginnings

The Fall of 2011 was an exciting time for us as God called me and my husband to start hosting homegroup meetings. Shortly before we launched our first meeting, God spoke to us about the purpose of these meetings through several unusual eagle sightings. Although the purpose was to teach individuals how to operate in the Gifts of the Spirit, each meeting was different as we chose to yield to Holy Spirit’s agenda. Though the meeting attendance ranged from two to twenty, the presence and power of God was so tangible. Holy Spirit doesn’t care if there are few or many. He will do what He wants to do if we allow Him the freedom to move! It was during this season of equipping others that we ourselves learned to soar like eagles!

Author of “How To” Books

Speaking of homegroup meetings, we had the pleasure of being invited to someone else’s not far from our home. A word was given to me that I would write “How To” books. Many years passed before that word began to become a reality. And it did not happen at all the way I had envisioned. In fact, shortly after receiving the word, I plummeted into a pit of hopelessness and despair. I call this my dry desert wilderness season. While wandering in the desert for what seemed like an eternity, I had the thought that it was over for me. I also believed that there was no Promise Land for me. It was a very hard season, but one I learned to appreciate. Long after it was over of course!

October 2015, still dripping with discouragement, I decided to read a book by a successful network marketer. In the book he mentioned that if a person would read five books on one topic, that person would become an expert on that topic. So, without hesitation, I decided that I would test the theory. I was struggling to dream big, so dreaming big radical dreams was the topic I selected. I found five books written by Christian authors and gave myself a six-week deadline. I asked a friend to be my accountability partner and told her I would create a list of ten big radical dreams that God put on my heart while I was reading the books. We agreed to meet the day following the completion of my commitment. I am still in awe of what God created through me following this exercise.

The first “How To” product I wrote is called Transform Your Mind To Only Believe—Life Success Kit. This product is a tool that helps individuals dream big, but it is so much more than that. With the help of a friend, I had a first draft designed and written in ten days! The next book, or set of books were inspired by curriculum I wrote for a Bible Study. While teaching the Bible Study, I determined that the content should be in book format. This series is in the works and I hope to start releasing them by the end of 2023. I have completed other works that I will tell you about on the next page.

Discipleship & Marketplace Curriculum by Paula J. Shaughnessy

The 52-Week Prayer Guide Planner was inspired by a dream I had while recovering from a broken leg. I released the book in January 2022. However, I never promoted it in the context of what I was shown in the dream. The primary focus in the dream was to **strongly encourage** people to form prayer group meetings and pray about *everyday* things. Throughout 2022, the Lord highlighted the lack of interest people had for prayer. I believe one reason is due to the overwhelming amount of issues we are facing in the world. Many Christians simply don't know what to pray for or how to apply Scripture to the issues of the day. In 2023 we are shifting our focus to draw more attention to the need for and the power produced in prayer group meetings. Watch our website and social media platforms for updates as we will post our prayer meeting highlights and praise reports.

The Spiritual Laws Book will be available for pre-sale by early March. It will be another spiral bound book on high quality paper as note taking is highly recommended. Many are unaware of the curses they are under due to violating spiritual laws. I have helped countless individuals obtain freedom simply by encouraging them to acknowledge the spiritual laws and repent for violating them. This is a must have Bible Study tool for 2023 as God continues to expose practices and beliefs that are displeasing to Him. *Nugget: Commandment #4 is NOT about using God's name as a swear word.*

Curriculum: All of my books are designed for individual use and group study. Host a Bible Study and receive a special offer. Email at me for details.

Seminars: Through a variety of dreams and words the Holy Spirit spoke to me at the end of 2021 and the beginning of 2022, I launched a series of seminars called *Experience More*. These powerful seminars helped individuals understand their purpose, discover what prevents us from experiencing more of God, and how God speaks to us through dreams and visions. These teachings are uploaded to my YouTube channel and can be found on my website. Stay tuned as we will continue doing *Experience More* seminars in 2023 as well.

Classes: One of my many passions is teaching about how God speaks to us through dreams. I am excited to announce that this year I am adding *classes* for dream interpretation. These will be in-person classes. I prefer to teach dream interpretation in an in-person group setting due to the revelatory anointing that falls on the participants as they practice interpreting dreams. I have been aware of dream interpretation for many years. However, in 2019, Acts 2:17 was highlighted to me as I read the Scripture. Below is the Scripture from the New King James Version.

'And it shall come to pass in the last days, says God, That I will pour out of My Spirit on all flesh; Your sons and your daughters shall prophesy, Your young men shall see visions, Your old men shall dream dreams.'

Suddenly, I sensed the Lord telling me that if we do not teach people the proper way to interpret dreams, the enemy can hijack the revelatory gift given by the One True God, and use it for the advancement of his evil kingdom. Multitudes have dreams and visions, but few understand them to be messages from the Lover of their soul. Check my EVENTS page for upcoming classes.

Wholesome Entertainment

Suddenly this thought came to me one day. "Let's do a Christian Concert in the North Metro area. There are many talented individuals that rarely have an opportunity to share the talents and gifts God has given them."

So, I planned an event and invited two local singer-songwriters, requesting they perform only their original music. Both are worship leaders, but rarely have an opportunity to bless people with the other songs God has given them. The original songs by both singer-songwriters were amazing and those in attendance were ministered to by the incredible faith-filled lyrics.

One of our initiatives for 2023 is to find ways to draw talented people out of hiding and give them an opportunity to share their gifts and talents with others. We will do this two ways. We will host events ourselves similar to the Christian Concert we hosted on December 2nd, 2022. Our next event is scheduled for March 17th, 2023 where we will have a singer-songwriter share Irish songs and tell the story of St. Patrick. Contrary to popular belief, St. Patrick's Day isn't about green beer! The other way we hope to draw people out of hiding is to make them aware of an amazing venue in Cambridge, MN called Kingdom of God Resources and Training. The owners of this venue make it available at affordable rates to encourage wholesome entertainment and a place for people to share *their* message.

Are You Prepared for the WEALTH TRANSFER?

The *transfer of wealth from the wicked to the righteous* has been longed for and prophesied about for years. Is the Body of Christ prepared to manage this wealth? Are *you* prepared to steward with excellence? In the study guide I wrote, I share six biblical examples of wealth transfer. Until writing this book, I was unaware of the biblical pattern for wealth transfer. In each of the six examples, there was a tyrant oppressing the people. In addition, there were many cases where the wealth transfer followed a famine.

There are many businesses and non-prophet organizations that consider themselves Christian or Faith-based. However, many are unaware of the vast biblical principles for ruling and reigning in the marketplace.

As Christian entrepreneurs, business owners, heads of communities, states, nations, and leaders in all seven mountains of influence, (*Religion, Family, Government, Education, Media, Business, Arts/Entertainment*),

we have a responsibility to lead, to steward, to rule, and to reign GOD's way.

I will be hosting seminars and teaching about these biblical principles throughout 2023. Subscribe on my website so you can receive emails to help you stay informed of all the upcoming events.

In the meantime, you can purchase a copy of this study guide and discover keys for stewarding your organization using powerful biblical principles that get results. Spotlight on God's Hidden Gems

In each issue I will be putting the spotlight on one of God's Hidden Gems. There are individuals that are powerhouses in the Spirit. God has kept them hidden until now and for such a time as this. Some hidden gems are unknown ministries often in our own backyards. Bigger ministries are great and we have gleaned from many of them. These larger and more known ministries have been imparting anointings and activating individuals for years. I believe we are now in a season where we are seeing an abundance of fruit being produced by their labor. Smaller fellowships and homegroups are increasing rapidly. Many foster environments that encourage the flow of Holy Spirit, thus encouraging believers to participate in the service by allowing the Gifts of Holy Spirit to operate through them. This is a powerful way to make disciples. Hats off to all of you hosting one of these homegroups!

Without further ado, I would like to introduce you to Erin Galvin of Inheritance Ministries. Erin flows profoundly in the gift of prophetic revelation. She is also a deliverance minister, speaker, teacher, and powerful Holy Spirit led intercessor. If that is all she had to offer the Body of Christ it would far exceed "enough" status! However, she also flows in prophetic creation gifts that will blow your mind. She has developed anointed fragrance oils with ingredients and revelation given by Holy Spirit. Incredibly, the revelation comes to pass in the user's life! Please learn more about Erin by visiting her website at www.inheritanceministries.com.
